

SOLUTIONS PMG *Inc.*
PROJECT MANAGEMENT GROUP

**We Offer Engineering Services and Innovative Technology
Designed to Improve Efficiency of Your Air Filtration System**

Areas of Expertise Include:

- **Dust Collectors**
- **Bag Houses**
- **Cyclonic Separators**
- **Fine Particles Weighing & Storage**
- **Bag Dump Stations**
- **Exhaust Stacks**
- **Scrubbers**
- **Clean Room HEPA Filters**

Solutions PMG is a process design and project management company focused on providing industry with a single source for innovative technology and manufacturing process solutions.

The core component of *Solutions PMG* is comprised of a team of senior engineers and technical administrators. We employ a unique strategy of bringing together industry leading manufacturers with experienced engineering associates, to design and implement new technology. This integrated structure will enable clients with limited engineering and manufacturing resources, the ability to enhance their process management and improve their productivity, safety and profitability.

Your Vision ↔ *Our Mission*

SOLUTIONS PMG INC.

Air Pollution Control Division

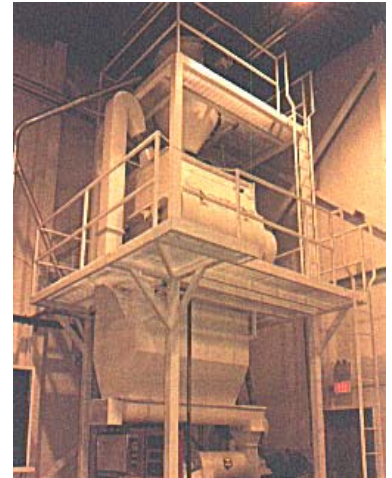

BENEFITS OF OUR EXPERTISE

Solutions PMG has extensive experience designing custom separation systems that focus on a number of different industries. Based on the concentration and physical characteristics of particles, we can design a separation system tailored made for your specific application. Our specific areas of expertise are in the following:

- Dust Collectors
- Bag Houses
- Cyclonic Separators
- Fine Particle Weighing & Storage
- Bag Dump Stations
- Exhaust Stacks
- Scrubbers
- Clean Room HEPA Filters

The benefits of our expertise are clear:

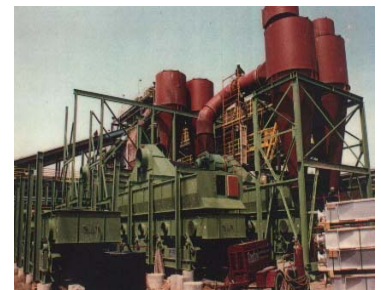

- √ Reduced Project Time & Cost
- √ Improved Process and Quality
- √ Minimize Production Downtime

SERVICES PROVIDED

- Engineering Services
- Project Management
- Procurement of Equipment & Systems
- Quality Assurance

Single Source Provider From Concept
To
Completion

ENGINEERING

- Solutions PMG Inc. offers a single source for the concept and final design of individual units, or a complete integrated system customized for your specific needs
- Solutions PMG Inc. will provide industry specific engineers to prepare conceptual, design and detail drawings
- All drawings are prepared with the latest version of Autocad , with 3-D capability
- Member of the Association of Professional Engineers of Ontario

PROJECT MANAGEMENT

- Define the project parameters
- Generate feasibility studies to support project parameters
- Develop plant and process conceptual design
- Prepare budget estimates for project
- Prepare project scheduling to minimize downtime
- Obtain required approvals, licenses and permits
- Prepare, issue and review tenders, quotations and contracts

PROCUREMENT & MANUFACTURING OF EQUIPMENT & SYSTEMS

- Source, pre-qualify and select subcontractors to ensure their expertise matches the specific requirements of the project
- Audit subcontractor's quality control programs to ensure equipment and installation will meet or exceed project specifications
- Monitor subcontractor's production schedule to confirm delivery dates will be achieved

QUALITY ASSURANCE / QUALITY SURVEILLANCE

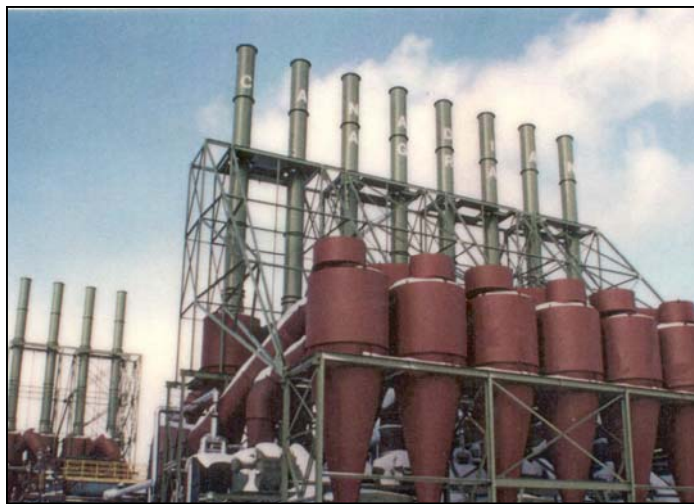

- Ready access to a professional project management team to ensure that planning, scheduling and the implementation of tasks is performed with the highest of standards
- Access to a pre-qualified group of high quality manufacturing facilities
- Solutions PMG Inc. has project managers with extensive in-plant / on-site expertise
- We can provide environmental audits to identify:
 1. Ambient/stack air quality
 2. Environmental Audits
 3. Indoor/workplace air quality
 4. Contamination analysis

Air Pollution Control Division

Solutions PMG is committed to delivering the highest quality Air Filtration Solutions and Engineering Services at the most competitive prices. Our goal is to help you realize the following benefits:

- √ Reduced Project Time & Cost
- √ Improved Process and Quality
- √ Minimize Production Downtime
